

OtterSpot User Instructions and Regulatory Information

Models:

OtterSpot Wireless Charging System (bundle, base + 1)

OtterSpot Wireless Battery

OtterSpot Charging Base

Power Requirements:

Model(s): OBFTC-0021-A (OtterSpot Wireless Charging Base) ; OBFTC-0024-A (OtterSpot Wireless Charging Base)

Input: 12VDC/5A

Output Contacts: 12VDC/5A

Output Wireless: 10W (max)

Model(s): OBFTC-0022-A (OtterSpot Wireless Charging Battery)

Input Contacts: 12VDC/5A (only while OtterSpot charging)

Output Contacts: 12VDC/5A (only while OtterSpot charging)

Input Type C: 5VDC/3A; 9VDC/3A; 12VDC/1.5A

Output Type C: 5VDC/2.4A; 9VDC/1.33A; 12VDC/1A

Output Wireless: 5W / 10W

Battery Capacity: 3.8V 5000mAh (19Wh)

Rated Capacity (min.): 1200mAh (10.8Wh)

Model(s): OBFTC-0025-A (OtterSpot Wireless Charging Battery)

Input Contacts: 12VDC/5A (only while OtterSpot charging)

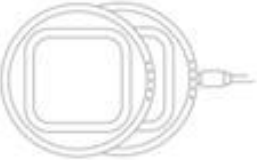

Output Contacts: 12VDC/5A (only while OtterSpot charging)

Output Wireless: 5W / 10W

Battery Capacity: 3.8V 5000mAh (19Wh)

Rated capacity (min.): 1200mAh(10.8Wh)

Use Instructions:

<div style="background-color: #333; color: white; padding: 5px; margin-bottom: 10px; text-align: center;"> CHARGE SYSTEM SYSTÈME DE CHARGE </div> <div style="text-align: center; margin-bottom: 10px;">  </div> <div style="margin-bottom: 10px;"> <p>1 Plug charging base into wall Branchez le socle à une prise murale</p> </div> <div style="text-align: center; margin-bottom: 10px;">  </div> <div> <p>2 Stack batteries on charging base, lining up Pogo pins to trigger flashing LED</p> </div>	<div style="text-align: center; margin-bottom: 10px;">  </div> <div> <p>3 LED lights display charge status and capacity Les voyants LED vous indiquent l'état de chargement des batteries</p> </div> <div style="text-align: center; margin-bottom: 10px;">  </div> <div> <p>4 Charge multiple batteries and a phone at once Recharge plusieurs batteries et un smartphone à la fois</p> </div>

FCC Statement: This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. **NOTE:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: Reorient or relocate the receiving antenna. Increase the separation between the equipment and receiver. Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. Consult the dealer or an experienced radio/TV technician for help.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

Information to user:

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

ISED Canada Caution Statement:

This device contains license-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's license-exempt RSS(s).

Operation is subject to the following two conditions:

- (1) This device may not cause interference, and
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.

L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :

- (1) l'appareil ne doit pas produire de brouillage, et
- (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

This equipment complies with IC RSS-102 radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body.

Cet équipement est conforme aux limites d'exposition aux radiations IC CNR-102 établies pour un environnement non contrôlé. Cet équipement doit être installé et utilisé avec une distance minimale de 20 cm entre le radiateur et votre corps.

QI (Wireless Power Pack): The "QI" symbol is a trademark of the Wireless Power Consortium.

IMPORTANT SAFETY INSTRUCTIONS

WARNINGS – When using this product, basic precautions should always be followed, including the following:

- a) Do not expose the wireless battery to moisture or submerge in liquid.
- b) Use of a power supply or wall charger not recommended or sold with the charging base and wireless battery may result in the risk of fire or injury to persons.
- c) Do not expose this device to excessive heat or place in a fire.
- d) The wireless battery may become warm during charging. In the event of excessive heat, swelling or leaking, immediately discontinue use and contact the manufacturer.
- e) Device contains no user serviceable parts. Do not attempt to disassemble, modify or repair this device.
- f) Do not expose this device to excessive shock or damage that may crush, deform, rupture or tear the battery.
- g) Do not use the wireless battery if damaged or modified. Damaged or modified batteries may exhibit unpredictable behavior resulting in fire, explosion or risk of injury.
- h) Dispose of this product properly and in accordance to local disposal requirements. Do not dispose in trash or fire.
- i) Failure to follow the above warnings may result in damage to persons or property, so please follow all warnings!
